

Marmoran

THE ARCHITECT'S CHOICE

The Industry Leader in
Customized Wall Coating
Systems.

ABOUT US

Marmoran (Pty) Ltd, was established in South Africa in 1969, and is firmly entrenched as the pioneer of natural protection interior and exterior wall coatings. Originally developed in Europe, the product range is continually being expanded and refined to suit the requirements of specifiers worldwide.

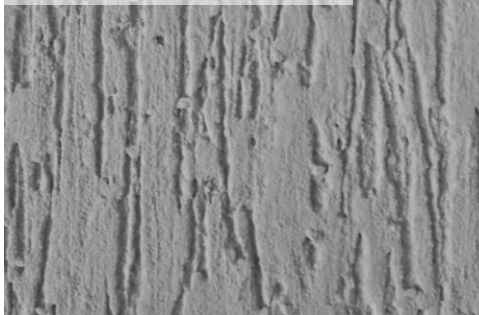

HERE TO HELP

Need Sanitizer? We've got it all. Needing wall coatings, paint or plaster for a construction project? Or are you wanting to freshen up the walls of your house? Big or small, Marmoran has you covered and caters for everyone. The supreme quality plasters that are long-lasting and simply perfection, are reasons why our customers always choose us over and over again.

CPD PRESENTATIONS

ARE YOU AN ARCHITECT NEEDING TO ACHIEVE YOUR ANNUAL POINTS? Marmoran Sales consultants will be presenting CPD presentations to architects/ applicators/ QS's and anyone interested in learning more about the coating industry. We offer a half day or full day training course. This course may be digital or live but WATCH THIS SPACE; CPD presentations might be just the thing you are looking for!

- ideal for sensitive skin or children

- Anti-covid Air Spray (5L)

WHAT'S ON THE HORIZON

Marmoran does not let anything slow us down. Due to the current economic climate, we have quickly adapted, and our sales consultants are giving it 150% through these difficult times. A project that is almost at completion is the Illovo Point building. The photo on the right displays the beautiful architecture in Johannesburg. Marmoran is proud and delighted to be part of this project. Marmoran's Easy-plast, Permasuede and Marmolite is the perfect combination. Next in the pipeline, is the MTN Building being applied by Ark Industries in Duinefontein (see below images). They are currently applying a mix of Marmoran's 1.5mm and 3.2mm Stone Finish. In charge of this project is our Wendy Scott, who has been working at Marmoran for almost 20 years!
